A

Date unknown Boomerang

No one knows for sure how the returning boomerang was first invented, but some modern boomerang makers speculate that it developed from the flattened throwing stick.

U

1906 Surf Lifesaving Reel

Designed by Lyster Ormsby, the reel was first demonstrated at Bond Beach.

1922

Rotary Hoe
Cliff Howard, with help from his brother Albert built the first full-size rotary hoe cultivator. It uses energy to turn the soil directly, rather than dragging a plough behind a tractor.

1926

Heart Pacemaker
A doctor from the Crown Street Women's Hospital in Sydney, who wished to remain anaesthetized, invented the original pacemaker in Australia.

S

T

R A

L I

1909 Improved Sheep Shears

Aboriginal inventor, author and spokesperson, David Unaipon, patented an improved handpiece for sheep shears.

1901 Federation Wheat

William Farrer released the Federation wheat strain, resistant to fungal rust disease and drought.

1945 Hills Hoist

This rotary clothesline with a winding mechanism allowing the frame to be raised and lowered was invented by Lance Hill of Adelaide in 1945.

1915

Aspro
Melbourne pharmacist George Nicholas and experimenter, Henry Woolf Smith produced a high-grade aspirin product, 'Aspro', that took over the international market.

1918 Arthrex Vaccine

John McGarvie Smith donated his secret discovery of an arthrex vaccine to the NSW Government shortly before his death.

1957 Permanent Crease Trousers

The process of producing permanent creases in fabric was developed by Dr Arthur Farnworth of CSIRO by adding a special resin to wool fibres.

A N

1928

Royal Flying Doctor Service
Reverend John Flynn was the founder of the world's first Aerial Medical Service, now known as the Royal Flying Doctor Service (RFDS).

1918

Arthrex Vaccine
John McGarvie Smith donated his secret discovery of an arthrex vaccine to the NSW Government shortly before his death.

1952

Victa Lawnmower
The Victa version of the petrol lawnmower with rotary blades was developed by Mervyn Victor Richardson, and became an Aussie icon.

1960 Plastic Spectacle Lenses

Scientific Optical Laboratories designed the world's first plastic spectacle lenses which are 60% lighter than glass lenses.

1953 Solar Water Heater

The first prototype of a solar water heater was developed at CSIRO in Victoria.

I

N

1964

Latex Gloves
The Ansell company had made house hold gloves since 1925. In 1964 they introduced the disposable latex gloves for use in surgery.

1958 Black Box Flight Recorder

Dr David Warren in Melbourne invented the first black box flight memory recorder. The unit recorded the pilot's voice and a few instrument readings.

V

E

1950 School of the Air

The first ever radio lesson was broadcast using the transmitter at the Australian Royal Flying Doctor Base at Alice Springs.

N

T

I

O

1973

Pop Top Can
Sir Ian McLaren of BHP came up with the idea of press buttons where the button is fused to the can and does not cause a litter problem.

1922

Vegemite
Invented by food technologist Cyril P. Callister when Fred Walker & Co. gave him the task of developing a spread from the used yeast being dumped by breweries.

1956 Redback Spider Antivenom

An antivenom for the bite of the redback spider developed by Dr Saul Weiner was released for use.

N

S

1928

Speedo Swimsuit
This swimwear originated in Sydney when the MacRae Knitting Mills manufactured the company's first swimsuit. Speedo introduced the world's first nylon swimsuit in 1957.

HOW ABOUT 5?

The Little Thank You.

How often have you thought about picking up a little gift for no other reason than to make someone else feel special? How often have you actually done it? Trust us, it's easy.

18 MINUTES?

Dining Concourse.

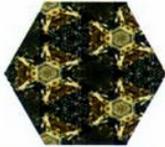

Go downstairs and discover how many of your favorite restaurants from around New York you can spot in our Dining Concourse, where you can satisfy almost any craving.

GOT 22 MINUTES?

The Perfect Martini.

With one bar mysteriously hidden, another tucked away underground and three more along the marble balconies, Grand Central has remarkably unique settings whether you're meeting a friend or stealing a moment for yourself.

GOT 7 MINUTES?

The Grand Central Kaleidoscope Holiday Light Show. Every half hour, Grand Central's Main Concourse will become painted in a stunning array of images and colors, all set to the music of the holiday season.

Dec. 1 - Jan. 1

GOT A MINUTE?

This holiday season, make the most of every moment.

Whether you've got one minute or one hundred, Grand Central Terminal is a great place to spend your time.

30 MINUTES?

The Holiday Fair.

Browse Vanderbilt Hall for the exquisite offerings of more than 70 handpicked vendors in New York's most unique Gift Fair.

Nov. 20 - Dec. 29

HOW ABOUT 11 MINUTES?

Grand Central Market.

In a matter of minutes, you can browse through our sumptuous market and choose from the freshest fish, prime meats, exotic spices and spectacular cheeses to create or compliment a wonderful meal.

DOWN TO YOUR LAST MINUTE?

Elegant shops and boutiques.

In addition to the Gift Fair, Grand Central has 52 distinctly different stores all under one roof. You can get from one store to the next without having to catch a cab or catch your breath.

GRAND CENTRAL

GrandCentralTerminal.com

“
WATER HAS BECOME A
HIGHLY PRECIOUS RE-
SOURCE. THERE ARE SOME
PLACES WHERE A BARREL
OF WATER COSTS MORE
”

Children of a culture born in a water-rich environment,
we have never really learned how important water is
to us. We understand it, but we do not respect it.

IF THERE IS MAGIC ON THIS PLANET IT IS CONTAINED IN WATER

More than one-half of the world's major
rivers are being seriously depleted and pol-
luted, degrading and poisoning the sur-
rounding ecosystems, thus threatening the
health and livelihood of people
who depend upon them for irri-
gation, drinking and industrial.

The crisis of our diminishing water resources
is just as severe (if less obviously immediate)
as any wartime crisis we have ever faced.
Our survival is just as much at stake as it was
at the time of Pearl Harbor, or the Argonne,
or Gettysburg, or Saratoga.

Vignelli's Poster series.
In recognition of his outstanding
contribution to the world of
graphic design.

On the evening of Tuesday, March 8,
The Architectural League gave its
President's Medal to Lella and
Massimo Vignelli.

In 1971, Massimo founded Vignelli
Associates with his wife, Lella.
He and his wife continue to work
from their New York office.

Vignelli was involved with filmmaker Guy
Houssart in the documentary Helvetica,
about the typeface of the same name.
Vignelli also recently updated his
1972 New York City subway map.

Massimo Vignelli

Five phrases to live by: *Massimo Vignelli*

01

One life is too short
for doing everything

02

We like design to be
visually powerful,
intellectually elegant
and above all timeless

03

If you can design
one thing, then you
can design everything

04

If you do it right,
it will last forever

05

The life of a designer
is a life of fight
against the ugliness

Massimo Vignelli
Born 1931 in Milan, Italy.
Vignelli Associates,
co-founded with wife Lella.

Vignelli works firmly within the Modernist
tradition, and focuses on simplicity
through the use of basic geometric forms
in all of his work.

ADAM WIDMANSKI

design & front end development
for the creative industries

WORKS

ABOUT

I'm a Warsaw-based designer and developer focusing on delivering high quality visual and technical solutions for clients in the creative industries, mostly fashion and photography.

In my work I strive to combine minimalist aesthetics, clever technology and careful planning. I gained experience working at cutting-edge digital agencies in NYC and Stockholm.

This website is a limited display of my freelance work. Complete list of projects and resume available upon request.

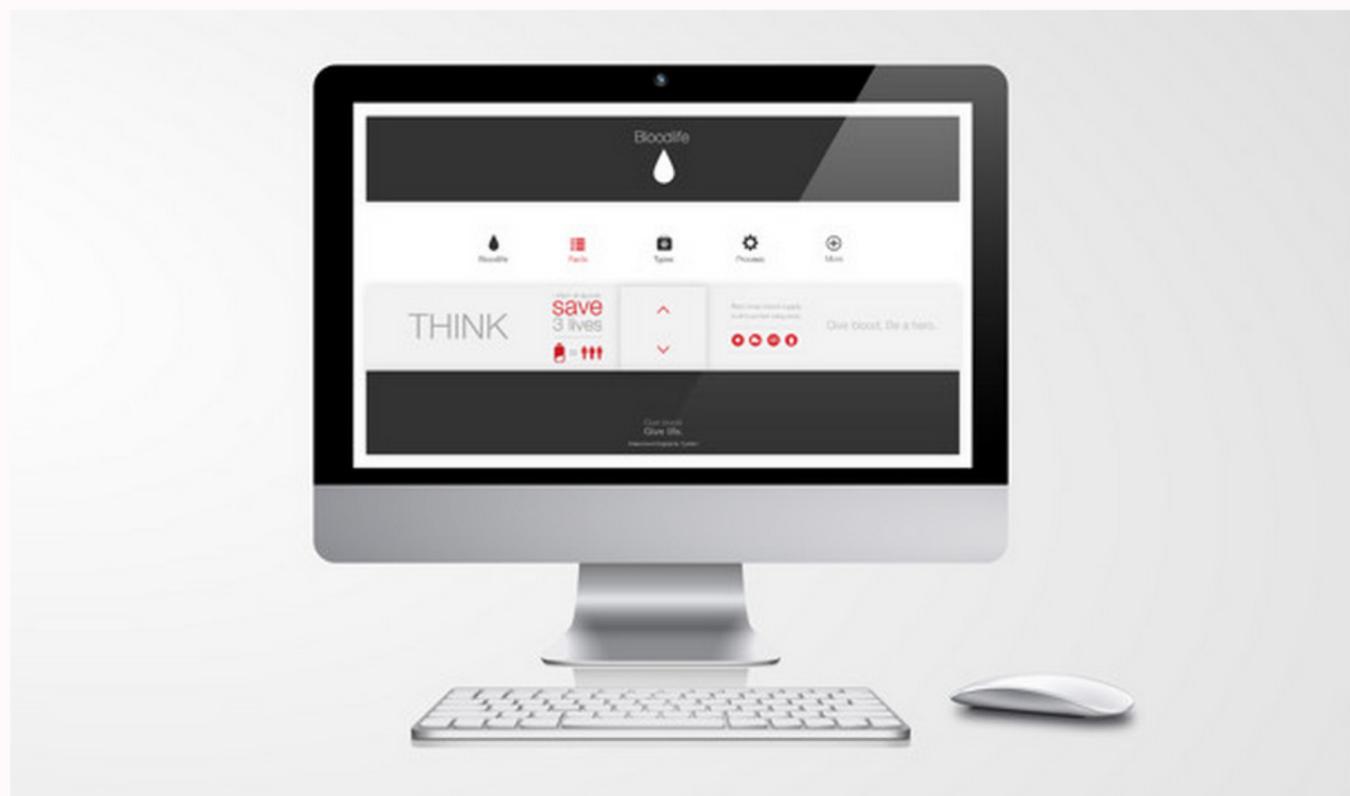

I'm available for limited freelance assignments.
Feel free to contact me if you think my skills and aesthetics would fit your next project.
